EXPLORE

SILENT AND PRACTICAL HUNTING AND OUTDOOR SERIES

Explore is an attractive, lightweight and silent hunting and outdoor series in the exclusive Realtree Adapt camouflage, Realtree Edge Orange camouflage and the plain coloured Raven.

This versatile series consists of styles, which have been adapted to both the cold nordic climate and more temperate climates. The series have been supplied with a breathable Deer-Tex® Performance Shell membrane which, together with a surface treatment and taped seams ensures that the Explore series is 100% waterproof.

- 1 **Deer-Tex® Performance Shell Membrane**
- 2 **Modern affordable hunting apparel**
- 3 **Stretchable fabric**
- 4 **Matching accessories**
- 5 **3 colour variations**

MALLARD

HIGH-END HUNTING SERIES FOR WATERFOWLING

.....

The new Mallard series is an extremely functional hunting collection that has been specially developed for waterfowling who are unwilling to compromise. This series is packed with clever features such as magnetic closing pockets, front pockets with a metal clip opening system and much more. The entire Mallard series is available in Realtree's Max 5 camouflage, which has been developed specifically for hunting in and around reeds.

The Mallard jacket and trousers have a breathable Deer-Tex® Performance Shell membrane that makes the clothing 100% waterproof. In addition, the entire series is produced in a flexible and comfortable 4-way stretch fabric that ensures great comfort and high freedom of movement.

MUFLON

TOP QUALITY HUNTING APPAREL

The Muflon series incorporates 3M™ Thin-sulate™ insulation to keep you warm and a Deer-Tex® membrane, with a 5-year warranty to ensure that you keep water and wind outside while the body can breathe.

Muflon Light is the lightweight addition to the Muflon and is designed for active hunting in temperate climate. Both the Muflon and the Muflon Light comes in a 4-way stretchable fabric which provides good comfort and great freedom of movement.

Furthermore, the Muflon Light offers a soft and silent contrast fabric, in the side and under the arms, to minimize noise. Muflon Light contains a Deer-Tex® Performance Shell, and is therefore windproof, waterproof and breathable. This membrane also comes with a 5-year warranty.

1 Membrane, with a 5-year warranty

CUMBERLAND

A MODERN MIX FOR HUNTING ON THE MOVE

The Cumberland series is designed to be worn by all – including the traditional hunter looking for a trendy hunting outfit.

The unique fabric combined with the flexible seams and mesh lining makes Cumberland extremely suitable for hunting on the move. The sturdy winter jacket is also the result of another wish, to create a more lightweight winter jacket with the same high heat-insulating properties.

- 1 Membrane, with a 5-year warranty
- 2 Versatile hunting appeal
- 3 Reinforcement
- 4 Adjustable cuff with strap and velcro
- 5 Mesh lining inside body

REIMS

DETAILS IN FOCUS

Reims is a lightweight hunting and shooting series with smart details and reinforcements.

The flexible jacket and waistcoat is extremely comfortable and offers a great deal of freedom of movement. The padded shoulder sections reduce the impact from the recoil, and the many pockets provide lots of storage space so that all your items can be accessed easily.

The Reims jacket and waistcoat is water repellent and breathable and quite simply, the ideal thing to wear when hunting or shooting in temperate climates.

The Reims trousers are very versatile trousers offering a great deal of flexibility. These breathable trousers are perfect for hunting in spring and autumn due to the water-repellent treatment, which keeps your legs dry in the damp grass.

BY APPOINTMENT TO THE ROYAL DANISH COURT

RUSKY SILENT

EXTREMELY SILENT HUNTING APPERAL

Deerhunter's improved Rusky series Silent is the perfect autumn and winter wear. Due to the unique fabric treatment, it is extremely silent, enabling you to move in close to your quarry.

The Rusky Silent long jacket and Rusky Silent bib trousers are perfect for adventures in the freezing cold. The jacket and trousers have an extra thick lining and is both wind and waterproof, providing good protection against the cold and wind. The Deer-Tex® membrane ensures good breathability.

The short Rusky Silent jacket and matching trousers are suitable for autumn hunting when the temperatures are beginning to fall below freezing. The entire Rusky series is equipped with many outstanding details that ensure a high level of comfort and functionality.

With Rusky Silent, we can almost certainly guarantee a fantastic hunting experience.

- 1 Membrane, with a 5-year warranty
- 2 Made in extremely silent fabric
- 3 Insulated hunting apparel
- 4 Large selection of matching accessories
- 5 Faux suede contrast details

DEER

A WIDE SELECTION OF HUNTING APPEAL

When winter starts to bite, it is important to be 100% certain that your hunting gear can keep you dry and warm. The Deer winter jacket and trousers comes with a Deer-Tex® membrane, and 3M™ Thinsulate™ insulation to help maintain a comfortable body temperature.

The waterproof and breathable Deer jacket is perfect for the start of hunting in Autumn. The waterproof pockets keep your phone and other electronics safe. The Deer trousers are a perfect match for those damp, chilly autumn days. This set comes with a Deer-Tex® membrane and a water-repellent treatment, which keep the damp and cold out, while also ensuring it is breathable and comfortable to wear.

The Deer padded jacket or waistcoat is a perfect choice, when you either need an extra layer or just a stylish lightweight outdoor jacket. The stretch fabric on the side of the body provides great freedom of movement.

APPROACH

MODERN HUNTING SERIES IN THE EXCLUSIVE REALTREE ADAPT CAMOUFLAGE

Approach is available in the exclusive Realtree Adapt camouflage, which allows you to blend in completely with your surroundings. The set is extremely silent and provides optimal opportunities for getting close to your quarry, making it especially suitable for all types of hunting. Approach is designed for the active hunter with focus on freedom of movement, high breathability and comfort.

Besides the jacket, trousers and t-shirt, the Approach series also includes a face mask, cap and gloves – all of them naturally in Realtree Adapt camouflage. Trousers and jacket are equipped with the Deerhunter Stormliner® membrane in strategically correct areas. The entire series is impregnated with a high water repellent treatment. The series is also extremely breathable, which ensure the hunter stays comfortable during the hunt.

STRIKE

LEISURE AND OUTDOOR RANGE

The Strike series is produced in a comfortable four-way stretch material with moulded elbows for extra comfort and fit. The outfit features a Teflon™ Shield+ treatment which dispels water and stains, and ensures that the clothes dry faster.

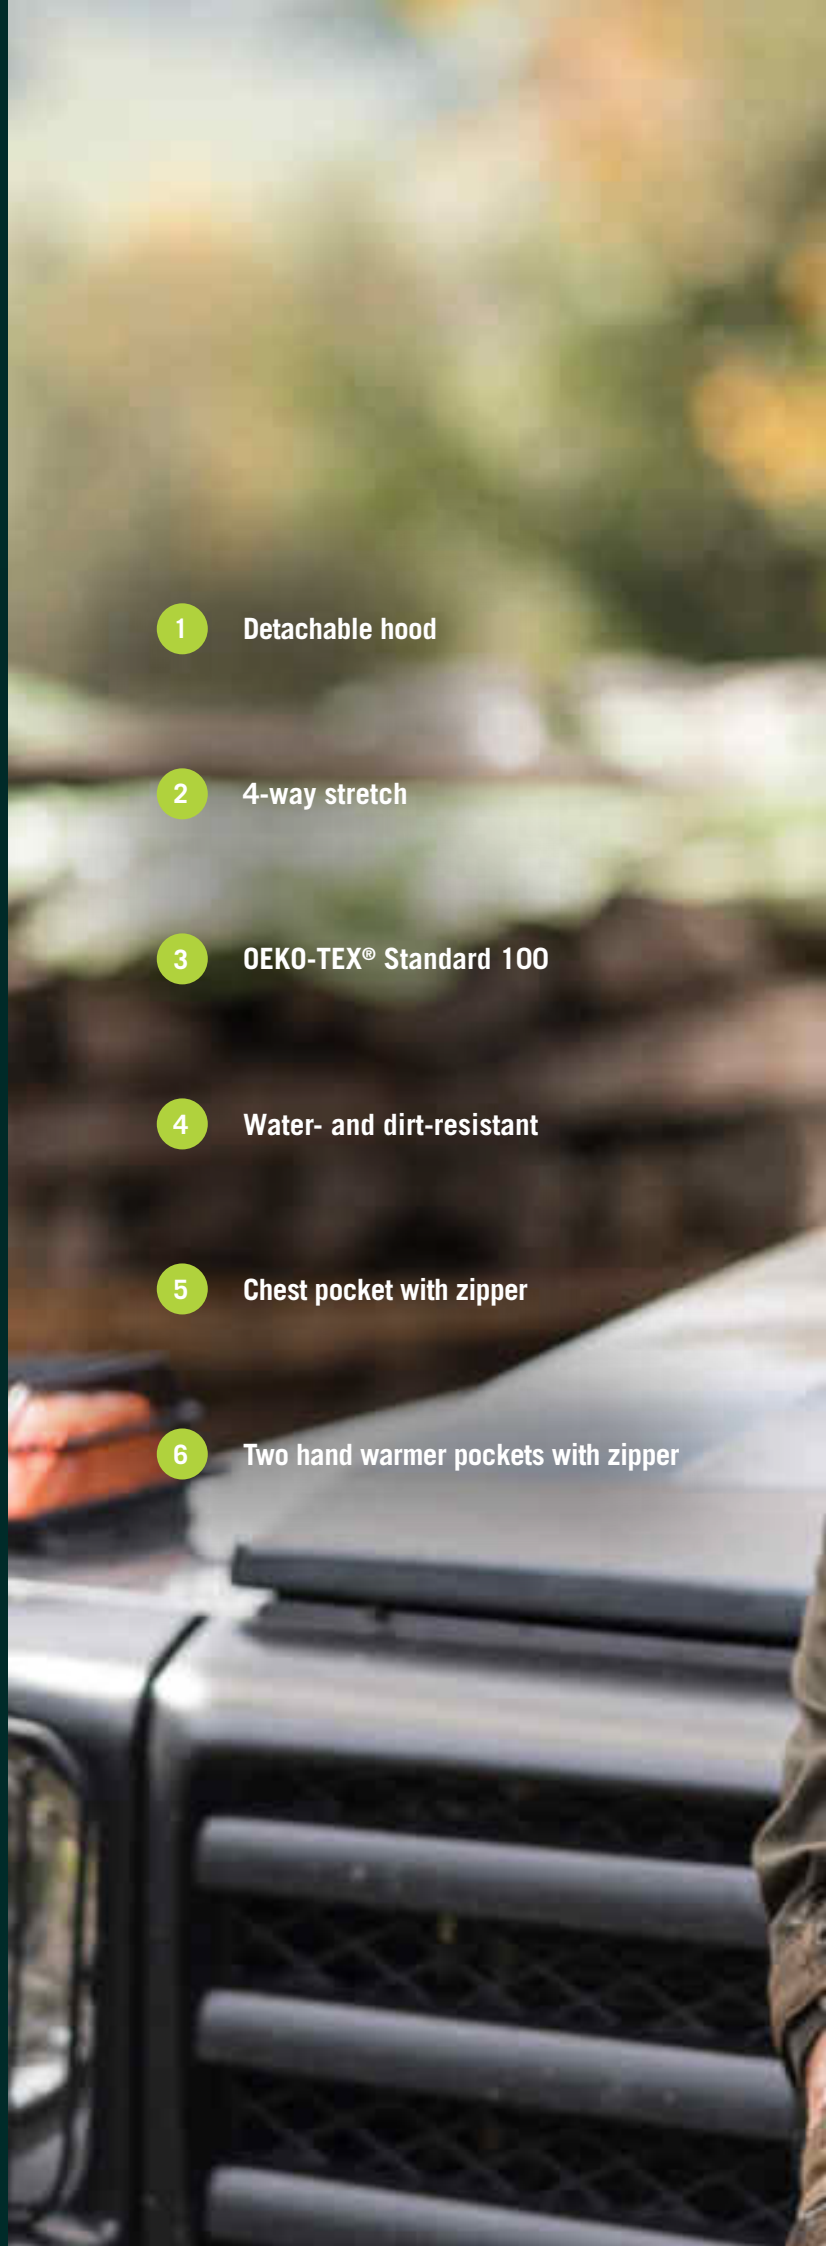

The leisure range Strike is available in three smart colour combinations, so you can choose the set which best matches your individual leisure pursuit.

BY APPOINTMENT TO THE ROYAL DANISH COURT

PULL-OVERS

PULL-OVERS FOR EVERY OCCASION

A pull-over is not a piece of outerwear in itself, but as the name suggests, it is something that can be pulled over your hunting apparel when the hunt requires a special type of clothing.

Deerhunter's pull-overs are available as signal clothing, winter camouflage and in several sneaky varieties that enable the hunter to blend in completely with the woodland.

- 1 Adjustable collar w. drawstring
- 2 Right side pocket with opening for access to the jacket underneath
- 3 2 front openings for radio and elastic string for the antenna
- 4 Game pocket w. opening and snapbuttons in both sides
- 5 Adjustable cuff w. snap button

JAMES SHIRT

LADIES

STYLISH AND FUNCTIONAL DESIGN

Whether you are into stalking, game bird shooting or just a walk with your dog, Deerhunter's ladies collection will have you well covered. The series is designed to be used in different types of terrain and climate and will keep you comfortable, warm and dry.

Deerhunter has drawn inspiration from some of our bestselling series and adapted these for the female hunter. The jackets have adjustable waistline to shape the jacket, roomy and ergonomic pockets and detachable hood. The extremely soft quilted jacket and waistcoat offer every woman a perfect waist shape and good comfort. The shirts are designed in a stylish cut and is available in multiple colours and variations, which fits any hunting suit. The technical trousers, which you can choose both with or without reinforcements, comes with 4-way stretch and a Deer-Tex® Performance shell membrane, which ensures a dry and breathable outdoor experience.

BY APPOINTMENT TO THE ROYAL DANISH COURT

Deerhunter®

- 1 Membrane, with a 5-year warranty
- 2 YKK zipper
- 3 Deer-X-Dura reinforcement
- 4 Adjustable cuff with strap and velcro
- 5 Stretchable lining inside for optimal comfort

Measure your hand circuit
(below the knuckles)

This is how to measure yourself correctly

Get someone to help you so you can measure more exactly. Stand in a relaxed position. Place the measuring tape directly on your body. The tape should be reasonably tight, but not too tight. If you allow enough space to slide a finger under the tape, you will get the correct measurements

MEMBRANES

DEERHUNTER MEMBRANES

You can write books on how membranes work, water column pressure and breathability. Is it noisy or silent? Is surface treatment necessary even though the product already has a good membrane?

Different fabrics can be combined with different membranes and linings, resulting in a wide variety of products. The decisive factor in what we choose and what we reject is that it must match the purpose. Where is the product to be used? In what context, and what does it have to be able to withstand?

We do not want to bore you with technical details. Instead, we offer a guide to the Deerhunter membranes and their differences

BY APPOINTMENT TO THE ROYAL DANISH COURT

Deerhunter®

DEER-TEX®

Membrane

Deer-Tex® membrane lies loosely between the outer fabric and the other layers. All seams are taped, making the product 100% waterproof. The loose membrane is particularly suited to products where there is a major emphasis on being noiseless, for example during stalking and bow hunting.

DEER-TEX®

Performance Shell

Deer-Tex® Performance Shell membrane is laminated to the rear side of the outer fabric and taped in all seams, making it 100% waterproof. This membrane is exceptionally light, and is therefore used in Deerhunter's more technical products.

The Deerhunter Stormliner® membrane is typically laminated to the outer fabric or between two layers of fabric, and is used on products without taped seams. Deerhunter Stormliner® membrane allows a very high level of breathability.

Five-year warranty on manufacturing defects in the Deer-Tex® membranes. In the event of claims: Return the product together with this product information label/hangtag and the receipt to your dealer. NB: The Deer-Tex® membrane warranty only covers manufacturing defects. The 5-year warranty applies ONLY to products with Deer-Tex membranes, not the entire series.

MEMBRANE CARE INSTRUCTIONS

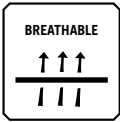

If your hunting apparel incorporates a membrane, it is important that you do not add fabric softener when washing the garment. The membrane ensures that you are kept dry when hunting, and that your skin can breathe. If you use fabric softener, it will clog the pores in the membrane, and significantly reduce the garment's breathability.

In order to maintain the permeability of the membrane, it is a good idea if the garment is completely dry before it is packed away, and that you do not store it in a very warm or humid environment.

Dry garment thoroughly before storing.
Do not store in areas of high temperature or humidity.

- Machine washable at 30 degrees
- Do not use softener
- Do not bleach
- Do not iron
- Do not dry clean
- Do not tumble dry
- Line dry

BREATHABLE

No matter in which weather situation you find yourself, choosing Deerhunter's clothing with one of its three membranes, will provide you with a breathable product. This allows you to maintain your comfort while being active and subsequently enjoy your experience more.

THORNPROOF

When nature challenges us in tough terrain, it demands even more of our hunting apparel. Here, Deerhunter has developed its Thornproof products, which are made from extra strong fabrics with the sole purpose of being able to withstand scrub and thorns.

TWO-WAY STRECH

If you require extra freedom of movement and a good fit, choose one of Deerhunter's products with stretch. Using materials with two-way stretch makes the hunting apparel stretchable, which enhances your freedom of movement.

FOUR-WAY STRETCH

When choosing hunting apparel, and you need maximum flexibility, freedom of movement and a good fit, you should choose Deerhunter's products with four-way stretch. Hunting apparel with four-way stretch is elastic both lengthways and widthways, enabling you to move around freely without feeling constricted by your clothing.

QUICK DRY

Products treated with quick dry are breathable, and dry faster than other garments. Body moisture is absorbed, and wicked away from the skin so that it evaporates. Consequently, it's easier for you to maintain a stable body temperature and stay dry when hunting.

REINFORCEMENT

If you're stalking your way to your dream buck, or walking across hard terrain, your hunting apparel will be subjected to extra wear and tear. Here, extra reinforcement and durable materials in exposed places are required.

LIGHTWEIGHT

Lightweight clothing from Deerhunter ensures a comfortable hunting experience and provides extra freedom of movement without adding extra weight.

99% WATERPROOF

Waterproof products will keep the water out whatever the weather. Products tagged 99% waterproof contains a Stormliner membrane but are without taped seams and are therefore only 99% waterproof.

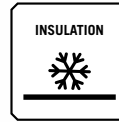

100% WATERPROOF

Wet and sodden hunting apparel can quickly mar a good hunting expedition. Deerhunter therefore always recommends waterproof products for hunting in rainy weather. A special combination of materials and processes enables us to develop products which are 100% waterproof.

SILENT

Noisy hunting apparel can quickly ruin a good stalk or hunting expedition. Our specially selected silent fabric has been chosen to minimize noise and the design have been optimized to reduce friction around the arm and leg area. Get closer to the animals with Deerhunter Silent.

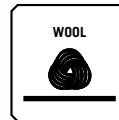

INSULATION

If you want to hunt in very cold temperatures, you will benefit greatly from choosing hunting apparel with insulation. Padding or insulation is designed to keep you warm. It is important that you are able to maintain a stable body temperature throughout the day so that you don't freeze.

LEATHER

All hunters should own a pair of sturdy leather trousers for hunting! Leather is a very comfortable material, and you can almost walk through anything – they just last. In particular, dog handlers walking through thick vegetation will greatly appreciate wearing leather trousers – in addition to which they are wonderfully warm on cold days.

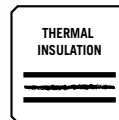

WOOL

Wool is warmer than synthetic fabrics – whether it's wet or dry. Wool wicks moisture much more effectively than cotton, but not quite as well as synthetic fabrics. Wool also takes considerably longer to dry than synthetics.

AZO FREE

During the dyeing process AZO free dyeing have been used. Deerhunter products tagged with AZO free are free of chemicals.

THERMAL INSULATION

If you want to hunt in very cold temperatures, you will benefit greatly from choosing hunting apparel with insulation. Padding or insulation is designed to keep you warm. It is important that you are able to maintain a stable body temperature throughout the day so that you don't freeze.

WATER REPELLENT

Products impregnated with water repellent treatment are water- and dirt-resistant. Stains are easy to remove and has a very smooth surface.

TAPED SEAMS

Deerhunter's technical hunting products feature taped seams. Taped seams are often used in connection with different types of membrane to ensure you avoid a wet and sodden hunting experience. Products tagged with taped seams are 100% waterproof.

WINDPROOF

If you choose one of Deerhunter's products which have a membrane, it will automatically be windproof. Windproofing is the garment's ability to keep the wind out. If you sit for a long time in a strong breeze, you will quickly appreciate the fact that the garment is windproof.

LEATHER TREATMENT

We recommend that you use beeswax to maintain your leather products, or a universal waterproofing spray to protect the product from water and dirt. Leather is a natural material, and you will extend its useful life by caring for it regularly.
